Our Story

Thank you for dining with us tonight. Everyone who walks through our doors is our valued guest and many of you have become our valued friends. Restaurant 4580 opened in the spring of 2006, as a labor of love. With three young children and hectic lives, we were looking for a friendly, relaxing neighborhood place that served consistently great food and service. A place we could feel great about coming to by ourselves, with friends or with our family. We work hard to realize these traits at Restaurant 4580. It has been a pleasure to become part of such a rich and vibrant neighborhood as North Boulder. Thank you for the opportunity to make your day special! Cheers,

Martin + Susan Hammer
